multi-chem®
A HALLIBURTON SERVICE

Multi-Chem Production Chemicals is a performance driven and "values" based chemical company working within the US and Canada. Our vast technology, premier products and value-added customer service has made us one of the fastest growing production chemical companies in the country.

Our values and commitment are about serving our customers, exceeding industry safety standards, doing the right thing and being the best in all that we do. We currently have the following open position:

Production Manager
Denver City, TX

Directs the activities of production team within the Multi-Chem Blend Plant. Responsible for performance appraisals, goal setting, training and monitoring of personnel. Develops and maintains team environment within the group through the planning and coordinating of group activities. Assigns work to team/team leaders and monitors results. Supports short and long range goals consistent with manufacturing management, production teams and the company. Ensures efforts are directed towards process improvements, develops procedures and policies for assigned areas, and maintains compliance to safety policies and procedures. Responsible for cost and quality of those functions under their leadership. Skills typically acquired through an undergraduate degree from an accredited college or university in a technical field plus 2-3 years related experience or through 5-6 years working in a related chemical production or manufacturing capacity. Chemical Production background preferred.
